

A warm welcoming community

JENNY MACLEOD
Retirement Village

City living for nature lovers

Jenny MacLeod Retirement Village offers a relaxed, friendly environment set on seven acres of cottage gardens and within easy access to more than 30 acres of natural bushland.

Enjoy the convenience of living in the centre of everything and embrace an active and vibrant lifestyle in a welcoming community where residents truly look out for each other.

Independent Living Units

Surrounded by established gardens, our delightful independent living units provide the perfect answer to low-maintenance, independent living.

Our 1 and 2-bedroom units are filled with an abundance of natural light and feature modern kitchens, bathrooms and laundries.

Each unit has outdoor spaces for residents to make their own, as well as a single lock-up garage, or onsite parking.

“

We are so lucky to be right in town close to the shopping centre, university, and the hospital and yet have these lovely parks and walking trails around us.”

Elaine, village resident

Serviced Apartments

At the heart of the village, our serviced apartment units are the perfect place to enjoy village life with added support and security to continue living independently.

Our cosy studio units and spacious 1-bedroom units all feature a kitchenette, private ensuite and have secure access to an outdoor patio or deck area, perfect for catching up with friends or entertaining.

Our residents can have extra services in their units including laundry, chef prepared nutritious meals and weekly cleaning.

“

I don't know why I didn't come 12 months ago, it's just great here.”

Una, village resident for 20 years, moved from ILU to serviced apartment

Facilities and activities

With so much on offer, there's no time for village residents to be bored.

There is a wide range of activities, and residents can participate in community life and organised activities as much or as little as they like.

We offer tailored care and support on site 24/7 for our residents in both the independent living units and serviced apartments.

Our village registered nurse provides assessment, planning, and management of your care needs in the comfort of your own home.

Caring for our residents

“
Helping the residents is why I
love coming to work every day.
They feel like my second family.”

Toni, village nurse
